

Kiosk Program

Benefits of the Kiosk Program:

- Lower Investment
- Faster Start-Up
- Easy Operation
- Less Maintenance
- Lower Payroll
- Lower Risk
- Highly Visible in High Traffic Locations
- Build Customer Base Faster

- **Location Requirements:** High traffic locations with forced walking traffic by the kiosk location.
- **Dimensions:** 10 ft wide X 10 ft long / height 8 ft.
- **Plumbing:** Self contained water system which is approved by the Dept of Agriculture throughout the United States.
- **Electrical:** Requires a 220 volt / 50 amp / 3 phase electrical service.

- **Storage Room:** Requires a 100 sq ft minimum space with at least 2 electrical outlets and water/drainage hook up for an ice machine.
- **Installation:** The kiosk is split into 5 sections. Each kiosk section is on wheels and rolls into place.
- **Phone Service:** Requires a phone / fax line and an internet connection for the POS.
